Suggestions for a strong application:

If you are new to this process, welcome! We are here to help. The following tips may assist you in preparing a nomination:

1. First, please make sure that you have checked the appropriate category for your nomination.
2. Include what else your nominee is doing in the greater Dayton region outside your organization.
3. Try to address the nominee's current and past achievements; while you may be focused on one particular achievement, the nominee may have other qualifications that you could also address in the narrative.
4. As you are writing, please think about how the nominee's achievements have made a difference in the community and describe that in the narrative (instead of simply listing accomplishments).
5. Collaborative nominations are permissible and strongly encouraged. However, there should only be one lead nominator.
6. Give yourself time to compile and complete the application to make it as thorough as possible. Don't wait to start until the week they are due.
